

# SJ-FS810V-BK

French Door refrigerator with Plasmacluster Technology and Hybrid Cooling System to store your food items longer and keep them fresher

## Key features

- Color Black
- Energy Efficiency: A+
- Storage volume (net total) (L): 600
- Storage volume fridge (net total) (L): 393
- Storage volume freezer (net total) (L): 207
- Climate Class: SN-T (+16°C - +43°C)
- Noise Level (dBA): only 37
- Temperature scope:
  - Freezer: from -13°C to -21°C
  - Fridge: from 0°C to +6°C
- In-Door Electronic Touch Control Panel and Display
- Pillarless Design
- Indicators on the door handles notifying about device status:
- Dimensions with handle (W x H x D) (cm): 89.2 x 183 x 76.6
- Packing dimensions (W x H x D) (mm): 96.2 x 197.0 x 85.3

## Characteristic features

- Innovative technologies used in Sharp refrigerator
  - Plasmacluster Technology
  - HYBRID Cooling Technology in the fridge
- Innovative Automatic Ice Cube Maker with water tank
- Easy to move thanks to 4 wheels
- Wheels (4), Adjustable feet (2), Feet protection

# SJ-FS810V-BK

## Features and Accessories

### Functions

- Plasmacluster Ion Mode
- Energy Saving
- Freezer Temperature Control
- Automatic Ice Cube Making
  - small or big ice cubes
  - transparent or mat
- Ice Cube Maker Cleaning Mode
- Holiday Mode
- Quick Defrost Mode
- Open Door Alarm On and Off
- Child Lock
- Temperature Raising Symbol

### Fridge compartment

- AG+ Nano HoneyComb Deoderizer
- Ice cubes container
- Fruit and vegetable case
- Diversified Freezer Compartments
- Lowest Temperature Indicator (OK sign)
- LED lighting (48 LED + 1 LED in ECO lamp) in the fridge
- Magnetic door seals ensuring high tightness of compartments

### Freezer compartment

- No Frost system in freezer

### Fridge compartment accessories

- Fridge shelves (2)
- Shelf over vegetable container and chilled case
- Covered vegetable drawer case that opens upon sliding.
- Fruit case
- Fresh products container
- Covered universal container for little things
- Door pockets (3)
- Egg cup pocket
- Bottle pocket (left)
- Bottle pocket (right)
- Ice Cube Maker water tank
- ECO sensor

### Freezer compartment accessories

- Freezer baskets (small) (3)
- Freezer baskets (big) (2)
- Ice cubes container

## Technology and unique solutions

Plasmacluster Ion

Ag+ CU Nano  
Honeycomb Deoderizer

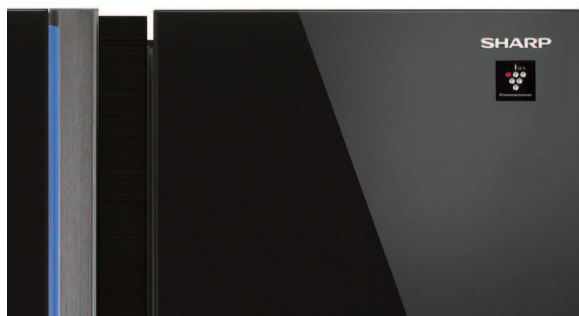

Hybrid Cooling

Unique Design Variation

**Clear Touch Control Panel.** It allows you to adjust the temperature settings and switch modes

**Unique door mechanism** (this technology was patented by Sharp in 2006). Conventional French Door models use mid door pillar in order to seal the gap between the right-side and the left-side door and thereby decrease the available door storage space. Sharp's unique door design eliminates the central column between the doors offering more door storage space and improved reliability. This means that Sharp refrigerators can provide as much as 100 lt of additional space as compared to conventional models of the same type. Sharp is the only company offering such solution.

**Fruit and Vegetable Case.** Bigger and organized compartment. Covered vegetable drawer case locks-in the freshness of your high-moisture food items like vegetables and fruits. Its spacious compartment also helps in keeping your food items conveniently.

**Diversified Freezer Compartments.** A right storage for your frozen needs provided by the system of 6 sliding containers that keep your food sitting comfortably and under stable conditions.

# SJ-FS810V-BK

**Automatic Ice Maker with Water Tank.** Ice making mechanism is located between the fridge and the freezer compartments. That's why it does not take up valuable space and the ice cubes do not smell of other foodstuffs. Antibacterial construction (walls are covered with silver ions) minimizes bacterial growth even if you rarely use this feature. This system is supported by a cleaning mode that rinses all elements taking part in the ice making process. Specially designed material of the ice container prevents any noise when the ice cube hits the tray, just to avoid any disturbance even if the kitchen is combined with the living room. Ice cubes are made according to user's choice. They may have:

- 4 degrees of transparency
- 2 shapes: cubes or multidimensional

4 degrees of ice cube transparency

Models	SJ-FS810V-BK	SJ-FS810V-SL	SJ-FS810V-WH
Color	Black	Silver	White
Energy Efficiency	A+	A+	A+
Rated storage volume (gross total) (L)	678	678	678
Total usage volume (L)	600	600	600
Storage volume fridge (net total) (L)	393	393	393
Storage volume freezer (net total) (L)	207	207	207
External dimensions (W x D x H) (mm)	892 x 1830 x 766	892 x 1830 x 766	892 x 1830 x 766
Air circulation type (fridge/freezer)	Fan / Fan	Fan / Fan	Fan / Fan
Cooling system in fridge/freezer	Hybrid Cooling / No Frost	Hybrid Cooling / No Frost	Hybrid Cooling / No Frost
Climate Class	SN-T (16°C - 43°C)	SN-T (16°C - 43°C)	SN-T (16°C - 43°C)

## Comments

Before you accept your customer's order, please confirm the available colors with Sharp Sale Department. Design and specifications apply as of January 2018 and are subject to change without prior notice. Any differences between the specification and the actual model may not be reason for complaint.
